Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are NOW OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MORE TROUBLE ANTICIPATED.

While there are no visible signs of trouble, there are persistent rumors of the organization of a strong party to liberate from Salisbury, N. C., jail the lynchers of the three negro murderers of the Lyerly family.

At midnight Wednesday the barn of the late Isaac Lyerly, murdered by the Gillespie and Dillingham negroes who were lynched at Salisbury Monday night, was burned, including two horses and a quantity of grain and feed. The flames were of incendiary origin, and negroes residing in the community are charged with the crime. The burning created fresh excitement, following so soon after the lynching.

It is believed a band of negroes are bent on revenge. One has been arrested for saying worse calamities will befall other families than befell the Lyerlys. Many good citizens are greatly aroused, and there is talk of exterminating the negroes of the Lyerly neighborhood.

Up to nine o'clock last night the following have been arrested on the charge of murder in having participated in the lynching Monday night: George Hall, of Montgomery county; G. H. Gentle, of Rowan; John Cauble, Henry Goodman, Budd Bullabough, and F. M. Cress, of Salisbury. All were sent to jail without bail, and will be tried for their lives.

Judge Long issued the bench warrant for Gentle after the latter had remarked in the presence of the officers who later arrested him that he helped string up the negroes.

Hall and Gentle were arraigned in Superior Court at Salisbury yesterday afternoon and pleaded not guilty to the charge of murder, though Hall admits participation in the mob.

A motion to continue the case until another term of court was overruled by Judge Long, and a special venire of sixty men was ordered from which to select a jury Friday.

It is rumored that 100 citizens will be indicted for aiding in the crime Monday night.

Seven true bills have been found. Each prisoner will be tried separately.

BIBLE-READERS' UNION.

The present generation is supposed to be lamentably ignorant of the Bible, and probably is so; but nevertheless there are more than 69,000 persons in the United States who are known to read the Bible every day. They belong to the American branch of the Bible and Prayer Union, and are all pledged to read one and the same chapter every day, reading consecutively from Genesis to Revelation. The headquarters of the union is in Washington, and the members pay 4 cents a year in postage stamps for the privilege of belonging to it.

The Bible and Prayer Union was founded on January 10, 1876, in London, England, by a band of 50 workers connected with St. Benet's Church. Within a year the membership had grown to 1,800. It now has 365,000 members and has extended not only beyond Great Britain, but beyond the English speaking countries.

There are branches in the Argentine Republic, Australia, Bulgaria, Canada, Ceylon, Denmark, Finland, Germany, India, New Zealand, Persia, South Sea Islands, Sweden, Syria, Tasmania, Turkey and the United States. The organization is entirely undenominational, and besides every section of the Protestant Church includes members of the Armenian, Greek, Moravian, Nestorian, and even Roman Catholic churches, with a few Jews.

The Union calls attention to the fact that Genesis, the first volume, contains history vastly more ancient, as well as more trustworthy, than that of Herodotus. In Leviticus we have laws on which the jurisprudence of all civilized nations has been founded. Ruth is an idyl lovelier even than Tennyson's own. Job is a drama more thrilling than any written by Æschylus or Sophocles. In the Psalms we have poetry sublimer and sweeter even than Milton's. Proverbs contains nuggets of wisdom richer than Franklin's. In the writings of St. John is philosophy profounder than Plato's. In the four Gospels we have the very pearl of biography.

Didn't Appeal to the Secretary.

Secretary Bonaparte wrote a letter yesterday to an embryo Nebraska inventor which was designed to interrupt some interesting experiments in throwing explosives. John Sweeney, a 17-year-old boy of Ericson, Neb., wrote to the Secretary asking for a full statement of the requirements for admission to the Naval Academy, and outlining some experiments which he is conducting in throwing dynamite preparatory to becoming a useful officer of the navy. At present the young inventor says he is able to throw .064 of an ounce of dynamite 150 yards with a Winchester rifle of .44-caliber range 300 yards. With a large siege gun, he says, he believes he could throw 400 pounds of dynamite six miles, and asks if his achievements will not assist him in gaining admission to the Annapolis Academy. Secretary Bonaparte replied to the young man that his experiments were better adapted to taking him to a cemetery than to the Naval Academy, and suggested that he abandon them and adopt some other means of preparing himself for a naval career.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters:" "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes: Dear Mrs. Pinkham:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

FRIDAY EVENING, AUG. 10, 1906.

IN DIPLOMATIC circles the opinion prevails that upon the present showing of facts the United States may be liable for an indemnity to Japan should the Asiatic power demand payment for the killing of five of her subjects while engaged in a seal raid on St. Paul Island, of the Pribyloff group. It is pointed out that, so far as the report from St. Paul Island shows, the case was one of trespass. There is nothing to indicate that the Japanese offered resistance, or, in fact, that they had been warned to keep away. Should it develop that the raiders refused to obey the orders of the guards to leave American waters and cease the killing of seals, and that they showed fight, the entire aspect of the case from the United States standpoint would be changed. As now appears, the Japanese trespassed and were shot and killed. Even though they were committing an offense against American law, in the opinion of a high authority on international law, the American guards had no right to kill them unless they resisted. The situation at best is regarded as a delicate one.

IT IS alleged in London that a small party of American colored preachers who have been abetting the Ethiopian campaign for "Africa for the Africans" should be deported from South Africa. The agitation against the preachers has been revived by the recent rioting at Cape Town, for which certain London papers hold them partly responsible. They have made no secret of their mission to South Africa advising the natives to use their efforts to secure black supremacy in that part of the world. It has been charged by some that most of the recent turmoils in China have been superinduced by foreigners who are attached to missions. It is alleged that instead of preaching the gospel some of them interest themselves in the internal affairs of the country and by espousing the cause of one faction or another get themselves and the countries from which they hail in trouble.

A DISPATCH from New York says friction between the Bryan and the Hearst men has broken out as a result of the operations of the Bryan reception committee, and the Hearst men are to be relegated to the rear when Mr. Bryan arrives three weeks hence. It is hoped that the Hearst men will be kept in the rear, for certain it is that sensible, conservative people of this country will not tolerate Mr. Hearst.

THE Pittsburg bank looter who has been captured in Toronto says that if he had "won out" in his schemes of speculation he would have been a millionaire instead of a felon. The distinction between the two is too often merely the difference between success and failure. As, says the Philadelphia Record, there are no doubt some among our millionaires who might very truthfully reverse the reflection of the bank thief.

SAMUEL RICHMOND, a Norfolk druggist, for whom the police have held warrants charging him with illicit traffic in cocaine, a practice which the authorities are seeking to suppress, was tried yesterday. The maximum penalty of $1,000 and costs was imposed in his case. The strict enforcement of the law is the only way to break up this illicit and pernicious traffic in cocaine.

THOSE WHO have gone out of town to spend the summer are missing the bargains that the merchants are offering those who remain. There is a law of compensation.

The Philippine courts are wrestling with the legal question as to whether a fickle suitor may justly demand the return of a jeweled ring, presented to one, long since grown cold. The suit was brought by Charles Schoendube, of the electrician's office of Manila, against Miss Mae Williams, who went to the islands from the United States in 1904. The electrician thought pretty well of Miss Williams the moment she landed, and it wasn't long until she was wearing several diamond rings belonging to him. This was followed, so it is claimed, by proposals of marriage. Miss Williams refused him and offered to return the rings. Schoendube declined to accept them. He repeated his offer to wed only to be refused as often. Finally he gave up hope and "wanted his presents back." But one of the rings had been sold and had found its way back to this country. Learning that Miss Williams was about to leave for a trip in Australia Schoendube brought suit and the fair one was served with a writ of replevin by the sheriff.

The State Department has received a long mail report from U. S. Minister Combs, at Guatemala, giving the details of the peace conference held last month by the representatives of Guatemala and Salvador aboard the U. S. cruiser Marblehead. The treaty of amity, peace and commerce which is to be negotiated between the two countries will be arranged by the representatives to be appointed by the Presidents of Guatemala and Salvador in the city of San Jose, Costa Rica. The treaty must be negotiated within two months from the date of the signing of the treaty of peace July 19 last.

Following the liberal example of the American government, the Catholic Church in the Philippines has just consecrated Bishop Barlin, the first Filipino priest so honored in eighty years. The ceremony was attended by thousands, nearly all beliefs in the Philippines being represented.

By going over the head of Secretary Hitchcock of the Interior Department and taking its case to President Roosevelt, the Standard Oil Company has undoubtedly influenced the Interior Department to rush to a speedy conclusion the investigation of the alleged illegal transfer of oil leases in the Indian Territory. It was learned today that the purpose of former Senator Jones, of Arkansas, and Mr. Barnesdale, of Pittsburg, in visiting the President yesterday was to make the statement that the Standard has acted in good faith and has knowingly violated the law governing the lease of Indian oil lands. The Standard has acquired vast tracts of oil lands in the territory, although under the law no individual or corporation is permitted to lease more than 4,800 acres. Holders of original allotments have passed title to other corporations, and these in turn to the Standard. In the leases under question, these transfers were never approved by Secretary Hitchcock. He is expected to render a decision adverse to the present holder of the leases the Standard.

Major General A. W. Greely, U. S. army, who commanded the military forces on the Pacific coast during the time of devastation in the city of San Francisco caused by earthquake and fire, arrived in this city today and called at the War Department to report. General Greely has been relieved of the command of the Pacific division by Major General MacArthur, and will be on leave of absence until September 15th. According to General Greely the utmost harmony existed in San Francisco all the time between the civil and military authorities. "I think the conditions in San Francisco are now as good as could well be expected, although there has been an exodus from the stricken city which has reduced the population from nearly 300,000 to only about 75,000 people. However, I think this is only temporary and that the city will eventually be rebuilt and be even grander than it was before the earthquake. At the present time the great trouble in San Francisco is with the labor. The prices charged for labor are exorbitant beyond all reason." General Greely said there were still about 50,000 people, or two-thirds of its present population, living under canvass in San Francisco.

The War Department has received a report from the controller and general receiver of customs for Santo Domingo to the effect that John Milbourn, a Porto-Rico-American, and Charles T. Thurston; an American, were killed by smugglers in the vicinity of Las Matas, on the Haitian frontier, Aug. 6th. Both men were in the Santo Domingan customed service,

Newspaper men today raised the necessary money to redeem the worthless checks for which George B. Rafferty, son of the "coke king" of Pittsburg, was arrested yesterday for passing. The checks redeemed, Rafferty was given his freedom. The young man, who seemed to be much the worse for a strenuous time, immediately telegraphed his father, who is summering in the Thousand Islands, telling of his release and asking for money with which to journey west. The fact that Rafferty is a friend of Harry Thaw brought a large crowd of curious women to the police court this morning who hoped to catch a glimpse of one of the young Pittsburg men, sons of millionaires, who are at present receiving so much attention from the police. They were disappointed, however, as Rafferty was not taken into the court.

The report of the committee of American and English business men of Shanghai, China, selected to visit southern Manchuria for the purpose of inquiring into the conditions responsible for the trade blockade in Shanghai, has been forwarded to this government by Consul General James L. Rodgers, of Shanghai. The absence of demand from this province is found to be the result of disorganized financial and commercial conditions following the war. The financial system is pronounced as very unsatisfactory. The circulation of war notes by the Japanese government will divert trade, it is said, to that country. The Japanese, the report continues, are taking advantage of their military occupation and the tardiness of the Chinese government to introduce their goods throughout Manchuria. Special attention was given to the stock of coiton piece goods. This "cannot be considered more than normal at either the distributing port of Newchang or in the interior consuming centers."

Mutiny Quelled.

St. Petersburg, Aug. 10.—An incipent mutiny in an infantry regiment stationed at Oustissor, one of the suburbs of St. Petersburg, was quelled in its first stage today by the prompt action of its commander. Instead of now being under command of officers of their own choosing, the soldiers are in St. Petersburg disarmed with the ringleaders of the plot under arrest. The regiment is one of those which was relied upon by the authorities to preserve order during the troubles following the proclamation of the ukase dissolving the douma. Its defection, therefore, is significant as showing the real feeling of the soldiers. The regiment met this morning and decided to dismiss its regular officers, and elect chiefs from the ranks. The words were carried to the commander who immediately seized the soldiers' arms while they were stacked and rendered the mutineers helpless. The entire regiment was then conveyed to St. Petersburg and the ringleaders were placed under arrest.

Indictments Found.

New York, Aug. 10.—The federal grand jury appeared before Judge Hough in the United States Circuit Court today and handed up four or five indictments. United States District Attorney Stimson was very careful that no information as to the individuals or corporations against whom these indictments were found should leak out. It is known, however, that the grand jury about a fortnight ago found indictments against the American Sugar Refining Company and one of the minor transportation companies, and since then has been gathering further information on the question of rebates allowed to the sugar trust. General belief around the courts this morning is that the American Sugar Refining Company and the American Sugar Refining Company of New Jersey are two of the defendants named, and that one of the principal railroads leading to the West, with possibly one or more officers of the corporation, are the person named by the grand jury.

The government has taken a hand in the fight of Toledo, O., between the people and the ice trusts and is after the local ice trusts and the railroads back of it.

The bottom virtually dropped out of the cantaloupe market in Baltimore, yesterday and the finest kind of melons were being sold at from 10 to 15 cents a basket. A few of the "gilt edge" kind brought 20 cents, but these sales were the notable exceptions to the sales of the day.

Secretary Wilson, of the Agricultural Department, left Washington yesterday presumably on a tour of inspection of meat packing houses; but no information of his whereabouts is available at the department. The secretary left instructions that no information was to be made public concerning his trip. It is not known when he may return.

For the first time in thirteen years the government announced yesterday its purpose to purchase silver for coinage purposes. Tenders are invited at the office of the Director of the Mint in Washington, on Wednesday, the 15th instant, and every Wednesday thereafter until further notice. Because of the scarcity and increasing demand for subsidiary coinage the department will purchase 100,000 ounces of silver bullion each week.

Army officers stationed in Washington are much concerned regarning the whereabouts of Second Lieutenant John S. Hamilton, Twelfth Infantry. Under date of August 2 Hamilton addressed a letter to the chief of staff notifying him that he intended to commit suicide, but requested that when his body was found it should be buried beside that of his father in Arlington Cemetery. The letter came from Chicago, and since that time no trace of the officer has been obtained. Lieutenant Hamilton is a native of New York and 27 years old. He served in the war with Spain as a sergeant in the First District of Columbia Regiment.

Killed by Boy.

Geo. Smith, aged 34 years, son of Edward O. Smith, was shot and instantly killed Wednesday afternoon by Fred. Diebold, aged 17 years, in Eyler's Valley, Frederick county, Md., about three miles northeast of Sabillasville. The shooting is alleged to have been done by young Diebold at his father's command. Both the boy and his father have been arrested and are now in the county jail at Frederick. The Diebolds and Edward C. Smith, the father of the murdered man, live near each other in Eyler's Valley. George Smith, with his wife and five children, had been living at Hagerstown, Md., and he was on a visit to his parents. On Wednesday he and his father went out to pick blackberries. On the way home George Smith passed up the road ahead of his father. When the latter reached the Diebold house the elder Diebold accosted him, accusing him of having picked berrieson Diebold's land. An altercation ensued, and the younger Smith, hearing the quarrel, ran back to join his father. When the younger Smith arrived upon the scene, it is alleged, Diebold said to his son: "Shoot him!" The boy had a single-barreled, breach-loading shotgun. Taking quick aim, he fired at young Smith. The load struck Smith above the heart and he fell dead. Then, it is alleged, the boy's father, pointing at the elder Smith, cried: "Shoot him, too." To this the boy is alleged to have replied: "No, I wont shoot the old——. He isn't worth a load of shot."

Cashier Arrested.

Henry W. Hering, cashier of the Milwaukee Avenue State Bank, of Chicago, which closed its doors three days ago, was arrested yesterday. He will be refused bail until his connection with the disappearance of nearly $1,000,000 of the bank's funds is cleared up. Paul C. Stensland, president of the defunct institution, is still a fugitive, and, although nearly 100 detectives are searching for the missing president, his whereabouts is a mystery.

Hering was arrested yesterday afternoon, two hours later than the time he had announced for giving himself up. He was taken at once to the office of Chief of Police Collins and put through a thorough examination as to his knowledge of President Stensland's alleged mismanagment of the institution. Hering declared that he did not know where President Stensland was, and that he had had no communication with Stensland for more than a week. Hering strenuously denied any responsibility for the failure of the bank. Hering maintained that if he was guilty of breaking the banking laws of Illinois, President Stensland was responsible. Hering declared he never benefited a single dollar by President Stensland's system of banking.

Colonel Joseph Button has sent his resignation as secretary of the State democratic committee to State Chairman Ellison. He is of the opinion that he cannot attend to the duties of state insurance commissioner and give the time necessary to the affairs of the committee. It is understood that Col. William Henry Mann, of Petersburg, will be chosen to succeed Col. Button.

JUSTICE BREWER'S ADDRESS.

The feature of the third and final day of the convention of the Bar Association at Hot Springs yesterday was the address delivered by Justice David J. Brewer, of the United States Supreme Court. The address made a most profound impression. In fact, it is agreed by all that none ever delivered before the association in the eighteen years of its existence impressed the lawyers so deeply or delighted them more. The address is one which is bound to attract the attention of the country at large, as it is at once a powerful, vigorous and eloquent dissent against the present tendency to centralize all power at Washington and to put upon Congress the duty of correcting all evils, real or imaginary, a plea for greater individuality and sense of responsibility among the citizenship. Justice Brewer's subject was "Two Periods in the History of the Supreme Court"—the first, the period of national stability; the second, the period subsequent to the war, which he termed the period of national enlargement. He did not mean to say that these periods were created solely by judicial action independently of the other branches of the government, for, after all, he said, in the last analysis "the court largely reflects the popular judgment, not its hasty opinion, but that which is the result of deliberate and well considered thought." Justice Brewer cited many cases decided by the Supreme Court, illustrating the tendency from the foundation of the government to the outbreak of the war to interpret the Constitution in a manner to extend its scope and increase the solidarity of the national government.

The president announced the membership of the standing committees, elected by the committee appointed for the purpose, and then the report of the executive committee was presented by Thomas C. Gordon, of Richmond, acting chairman in the absence of John Garland Pollard. The feature of the report was the recommendation that the executive committee and the standing committee on the purchase of the home of John Marshall, in Richmond, be authorized to acquire the property. After some discussion and the amendment of the resolution so as to provide that the American Bar Association be asked to aid in securing the title to the old mansion. The report was adopted. Secretary Minor said he understood the property could be secured for about $6,000 or $7,000. The association then adjourned. The meeting ended with a brilliant banquet last night.

Locked Up.

George B. Rafferty, lifelong friend of Harry K. Thaw, and son of Gilbert T. Rafferty, sr., the "coke king" of Pittsburg, who was recently sued by the young man's wife for $500,000 for alienating the son's affections, is locked up in the Seventh precinct police station, Washington, charged with obtaining money under false pretenses. Specifically, Rafferty is accused of passing two checks, one for $10 and one for $5, on A. C. Appler and Joseph Waddell, of Georgetown, both of which transactions he freely admits. Neither of the men who cashed the checks is said to insist upon prosecuting Rafferty. All that they demand, according to the statements of the police, is that the checks be made good. But Rafferty, although the son of a man reputed to be worth $20,000,000, is compelled to remain behind the iron bars because he cannot raise $15.

Still Missing.

The police are hunting every nook of Washington for some trace of Mrs. Florence A. Poole, of No. 9 Grant Place northwest, wife of a commission merchant of that city, who has been missing from her home since July 31. But so far no good news has been reported to the distracted husband. The young couple have been married only a short time. On July 31 Mrs. Poole left her home ostensibly to do some shopping. A communication from her to her husband a few days later stated that she was ill in Baltimore, and asked him to come there for her. A later letter stated that she had returned to Washington, but she had not been to her home. Her letters gave no reasons for her strange actions. Mr. Poole last night reported her absence to the police.

Today's Telegraphic News

Russian Affairs.

St. Petersburg, Aug. 10.—The newspapers have welcomed the appointment of Prince Vassilchikoff as Minister of Agriculture; M. Flosoffoff as Minister of Commerce, and M. Iswolsky as Procurator-General of the Holy Synod. The hope is expressed by the papers that they will co-operate with Premier Stolypin in securing moderate reforms for the nation.

It is now stated unofficially that the elections for the new douma, which the Czar has promised will meet in March, will be held in November. No announcement has been made of any date, however. Dispatches from Moscow state that work has been resumed everywhere there following the attempt at calling a general strike. Business is in full swing and everything is quiet.

London, Aug. 10.—According to the Evening Standard, Russia is making active preparations for the rebuilding of her navy which was so badly crippled in the great battles with the Japanese fleet during the recent war. The paper states that orders have been placed in England for two new Russian battleships one of which is to be of the Dreadnought type.

Moscow, August 10.—The unsettled condition of affairs following the attempt to start a fresh revolution and the calling of the troops generally into the city to prevent any uprising has given agreat opportunity to the lawless element to indulge in all sorts of depredations. A virtualign of anarchy prevails in the districts surrounding this city and the inhabitants are terror stricken.

Armed robbers infest the county and operate unchecked. Even the churches have been desecrated and pillaged. Numerous murderous attacks on inoffensive persons have also been reported. Many of the robbers go on bicycles.

Fatal Automobile Accidents.

New York, Aug. 10.—Two men of six in a racing machine, rushing at the rate of fifty miles an hour, were instantly killed in Queens Borough, when their automobile crashed into a farm wagon, and two more were hurried to a hospital, perhaps fatally injured. The accident happened on Thompson avenue, near the Winfield crossing of the Long Island Railroad, just before midnight. The dead are: William Walter, 23 years old, and Harry Woodcock. Both were chauffeurs. The injured are: Frederick Wessenburg, contusions of the back and other injuries: Wm. Brown, lacerations of the face and badly sprained wrist, besides shock. The machine was being tested by the men, Brown being a prospective purchaser. Traveling at a terrific rate of speed the machine struck the rear wheels of the farmer's wagon, coming to a sudden stop, and throwing the occupants out and some distance from the automobile. Woodcock was dead when aid reached the scene. Walter was still alive, but died on the way to a hospital.

Mrs. Howard, forty years old, of Richmond, Va., was fatally injured in an automobile accident here last night. Mrs. Howard, in company with Miss Margaret Evans, 21 years old, and Stuart Elliott, 21 years old, were speeding along Jerome avenue, when their automobile ran into Mounted Policeman Thomas F. Smith. The policeman and his horse was sent spinning, and the two women were thrown from the automobile. Elliott retained his hold on the steering wheel and escaped injury. The three victims of the accident were hurried to Fordham Hospital. Miss Evans was not seriously injured, but Mrs. Howard's injuries are such that she is not expected to live. She sustained a fracture of the skull and internal injuries. The policeman sustained a fractured skull. According to Elliott, who expressed his distress of mind over the accident, he and the ladies had dined with friends at Woody Mansion, near Morris Park race track, and were returning through Jerome avenue, when the policeman suddenly appeared before them. The policeman evidently wanted to warn them that they were going too fast, and in his efforts to do so got too near the car.

Woman Attacked by Robbers.

New York, Aug. 10.—The story of a brutal attack made by two robbers on a woman in her home was revealed today in the arrest last night of John Williams, alias Quinn, alias Ryan, whom the police describe as a general thief, blackmailer, and knockout man. The complainant against the man is Wilhelmina Virginia Hill, of 262 west 94th street, and she picked him out of the long line of suspicious persons picked up over night and positively identified him as one of the men implicated in the attack upon her. Williams, or Quinn, was held in Jefferson Market police court in $3,000 bail for further hearing. Mrs. Hill formerly lived at Richmond, Va., but has been residing in New York for some time. She says that on June 11, two men came to her house. When the negro maid answered the door, they forced their way past her, and walked up stairs. There they encountered Mrs. Hill. The men flashed badges on her and declared they were Central Office detectives and that they had come to search her house, as she has been under suspicion for sometime. Mrs. Hill protested, but in vain, and the men ransacked the place, but without finding anything they wanted. They then demanded money, saying it was worth $300 to have the matter hushed up. She declared she had done nothing to be afraid of and that she had no money to give them. Upon her refusal to buy immunity, she says, the men assaulted her. Williams attempted to take her rings from her fingers, but she bit his hand and he desisted. He, however, took a ring which had been given to her by her husband which was lying on a sideboard. She was struck by Williams several times, she asserts, and he tried to tear her clothes from her, when his companion interfered. They finally left after threatening her with bodily harm if she told anyone of the assault on her.

Charged With Contempt.

New York, Aug. 10.—Justice Dickey of the Supreme Court of Brooklyn today made the following statement in deciding a motion to punish Judge Fitzgerald of the court of special sessions for contempt in failure to be examined as to his property. "If the defendant appears on August 13, at 10.30 o'clock, and submits to examination he will be purged from contempt, otherwise his punishment will be determined."

DIED.

At the residence of her son, J. T. Johnson, No. 613 north Washington street, on Friday morning, August 10, 1906, Mrs. CAROLINE M. JOHNSON, widow of John T. Johnson, aged 79 years. The funeral will take place from her late residence on Sunday morning at 10 o'clock. Friends are invited to attend. Interment private. Please omit flowers.—[Fairfax, Manassas and Washington papers please copy.

Injunction Refused.

Cleveland, O., Aug. 10.—Judge Lawrence today rendered a decision refusing an injunction requiring the city to relay the tracks of the Cleveland Electric Railway Company, recently torn up on Fulton Road, in the low trolley fare fight. This case involved also the case wherein Mayor Tom L. Johnson was purged of a contempt of court charge. It was charged that Johnson refused to obey an injunction issued by Judge Ford ordering him to stop the work of removing the tracks. Director of Public Service Springborn was adjudged guilty of contempt of court and fined $100 by Judge Hennessey.

The contempt of court cases and the injunction cases were decided separately, however. The injunction to prevent the further destruction of the tracks still stands. It was claimed by the city that the tracks were torn up upon an order by the city council, Springborn being authorized to remove them after the failure of the company to do so, "upon notification." The purpose of removing the tracks from the middle of the street was to allow the Municipal Traction Company, a three-cent fare line, to lay tracks on one side of the street, it having secured a franchise from the council.

The Strike of Tugboatmen.

New York Aug. 10.—The strike of the tugboat fireman and deckhands is still unbroken, and six thousand freight cars are tied up in the Jersey City terminal of the affected railroads. A shortage in perishable food seems inevitable unless the strike is quickly broken. Managers of the marine departments of the big railroad systems are quick to deny that anything like a food famine is in prospect, but they do not attempt to deny that the situation is serious. The Pennsylvania and New Havan systems are not affected by the strike, as the former has a service pension system as a safeguard against strikes and the New Haven men work only eight hour shrifts. But the tie-up extends to the New York Central, Delaware & Lackawanna, Erie, Baltimore & Ohio, Central Railroad of New Jersey, and the Lehigh Valley. So far none of the roads affected have been able to get more than a third of their usual fleet of lighters in commission, and all freight orders are far behind. At midnight, the announcement was made that fifty new deck hands, recruited from Troy, Albany and Buffalo, had been put to work on the tug boats under the protection of fifty detectives, but no tugboats had made any attempt to move freight car boats up to daybreak.

Passenger Train Wrecked.

Fort Worth, Tex., Aug. 10.—A passenger train bound north and a freight train were wrecked this morning at Fruitland, near Bowie. The sleeper and parlor cars left the track and turned completely over. No one was killed, but fully 75 people were seriously injured. The train was a heavy one and was being pulled by two engines. While going around a long curve, at a speed of 25 miles an hour, the two coaches left the track, the wreck being caused by a defective rail. There were two doctors on the train and they at once began the work of relieving the injured. The passengers were taken to Bowie and the police are doing all in their power for their comfort. A special train was made up here and left for the scene of the accident carrying officials of the road and physicians. Later reports from the wreck say a number of those hurt are expected to die.

Fight with Pulajanes.

Manila, Aug. 10.—In a hand to hand fight with Pulajanes, at Julits, Island of Leyte, First Lieutenant John F. James and two privates of the Eighth Infantry, Contract Surgeon Calvin Snyder, and International Revenue Collector Williams were killed. A detachment of ten men under James was attacked. They made a gallant fight but were greatly outnumbered. The natives captured all the ammuition and supplies of the Americans.

Washington, Aug. 10.—Lieutenant John F. James reported in Manila dispatches to have been killed in a fight with Pulajanes, was a native of Virginia. He entered the volunteer army in the war with Spain as a first sergeant of the Third Virginia Infantry, and was soon promoted to be first lieutenant of the 7th U. S. Volunteer Infantry.

Rich Woman a Vagrant.

Pittsburg, Aug. 10.—Isabella Jones was arrested in Allegheny yesterday morning on charges of vagancy and disorderly conduct. In default of a fine she was committed to the county jail. While searching her in the jail one of the women attendants almost fainted when she discovered $7,000 in bills. The woman would give no information concerning herself or the money, and the word was sent to the Allegheny police. It then developed that Jones was a fictitious name. The woman belongs to one of the wealthiest families in this city. An attorney was procured and the prisoner was released on bail. Her family will endeavor to have her placed in a sanatarium.

The Turkish-Persian Frontier Trouble.

Constantinople, Aug. 10.—Trouble has again arisen over the subject of the Turkish-Persian frontier, and the outlook is serious. Both Turkey and Persia have been concentrating their forces during the last week to be prepared for eventualities. Persia has mobilized an army of 15,000 men in the province of Lachinza and Turkey has retaliated by mobilizing her troops. There have been almost daily skirmishes between the vanguards of the two armies in which the Persians have been uniformly victorious. Dysentery has broken out among the Turks and the disease has carried off 350 soldiers within a few days.

Motion Denied.

Troy, N. Y., Aug. 10.—The motion for a mandamus made on behalf of the International Policy Holders' Association to compel Superintendent Kelsey, of the Insurance Department, to strike the names of four members, General Tracy, Col. Hook, Judge Gray and H. N. Higginbotham, of the policy holders committee, from the list of nominations filed by the trustees of the Mutual Life Insurance Company, was denied today by Justice Howard. The names were used without consent. No written opinion accompanied the decision.

Troubles Between Greece and Roumania

Bucharest, Roumania, Aug. 10.—The Greeks in the Balkans have suffered immensely as the result of the troubles originating in the contest between Greece and Roumania, for supremacy in Macedonia. Still further trouble is in store for the Greeks, however, and a movement is now in progress looking to the entire boycott of Greek trade in punishment of the prosecution of Bulgarians. The latest development of the struggle between the two countries has been the expulsion by Roumania of fifty-seven well-known Greeks. The damage to Greek trade through the Bulgarian persecution is already estimated at 2,000,000 francs. If the boycott movement, which is gaining strength succeeds, this loss will be greatly increased. While the Greeks have thus suffered severely from a financial standpoint, they also have been made victims of numerous atrocities. Reports received from nearly every town in the region tell of Bulgarian outbreaks against Greeks in which many of the latter have been killed or injured.

Murderer Hanged.

Morristown, N. J., Aug. 10.—In the Morris county jail here today Samuel Monics, a Slav, was hanged for the murder of Mrs. Harriet Decker. The execution was featureless. Monics had been employed in the Capstick Mills, at Montville, and, although he had a wife and family in Hungary, he became infatuated with Mrs. Decker. The couple quarreled over another man's attentions to the woman, and in a fit of jealous rage Monics shot and killed her. For the past two months Monics had refused to take any solid food and it was necessary for the prison officials to force milk and whisky down his throat in order to keep him from carrying out his avowed intention of starving himself to death. Monics showed utter indifference to the death penalty and marched to the gallows supported by two deputies being unable in his weak condition to walk and ascend the steps alone.

The Investigation of the Ice Trust.

New York, Aug. 10.—Bernard Kesch, foreman of the August grand jury, which is investigating the ice trust, took occasion to deny the newspaper reports that the investigation was proving a fizzle. Mr. Kresch said: "This investigation now before the August grand jury is not going to be the perfunctory effort some of the newspapers have made it appear, instead it is going to be a most searching inquiry in an honest effort to prove that a criminal conspiracy exists or has existed in the ice business in this city.

The Gans-Nelson Fight.

Goldfield, Nev. Aug. 10.—Joe Gans, the Baltimore negro and Battling Nelson will fight to a finish at 133 lbs. on labor day. The bout will be called at 3:30 o'clock on the afternoon of September 3d. The referee has not been selected. The men will weigh in at noon on the day of the fight. The match was made after much wrangling. Billy Nolan, manager of Nelson, claimed everything for his man before he would agree to the match. Gans fearing that the match might fall through, agreed to accept $10,000 of the $30,000 whether he won or lost the battle. Nelson will receive $20,000 in any event. Gans wanted a division on the 60 and 40 per cent. to the loser basis, but Nelson would not agree.

Battle Imminent.

Tangier, Morocco, Aug. 10.—A battle between the forces of the Sultan and the pretender, Bu Hamari, is imminent. Signal fires have been burning for some time in both camps summoning the natives to the support of their favorites. Both sides are making preparations for an encounter and it is believed fighting will occur in the near future.

Mascot Seriously Ill.

Boston, Aug. 10.—John, the Orangeman, the well known mascot of Harvard University, is in a hospital here in a serious condition. He was operated upon yesterday for an intestinal obstruction and the physicians say his recovery is hopeless. For fifty-two years he has been the mascot on the athletic field.

New York Stock Market.

New York, Aug 10.—Price movements in the first hour were irregular with a show of strength in the early trading, followed by a moderate reaction, and then by a fair rally. The features were Norfolk & Western, and Southern Pacific. The fluctuations in the general list were generally within a narrow range and without significance of importance. The tone, though, was quietly strong, with traders disposed to buy at any concessions.

The Weather.

Rainy and threatening weather has continued today, with lower temperature. Considerable rain has fallen during the past few days and in some cases the sewers have been unable to carry off the water. No material damage has resulted, however.

It is predicted by the weatherwise that the back of the hot weather is now broken, and that after a few days, or possibly a week, the hot days will be a thing of the past. They are of the wishbone school of weather prophets and they base their predictions on signs which they say have never failed them in the past. In the first place, the katydid has appeared, and it is confidently asserted that the appearance of the katydid is a sure sign that cool nights are at hand. Within six weeks after the first katydid has sung frost is sure to appear, say these prophets, and they point to an unbroken record in proof. Then there are many signs that next winter, unlike last winter, will be unusually severe. In the first place, there are bushels of berries on the holly bushes in all the surrounding country. This is said to be nature's way of providing food for the birds, and a big crop of holly berries means a long and severe winter. This prediction is supported by the statement from the West that the cornhusks are much thicker this year than they have been for a long time, while news comes from the mountain sections of Pennsylvania and West Virginia that there will be an enormous yield of acorns, beechnuts chestnuts and other fruit of the forest upon which birds and beasts depend for food during the winter months. Still another sign of a long and cruel winter is found in the activity of the barn mice. These little animals have already begun the work of building their nests and observers agree that they are making them this year unusually cozy and warm. Last year they seemed to give little attention to the building of their winter homes, but this year they are not only beginning to build them unusually early but are giving remarkable attention and care to their construction All of which signs are said to point to a severe winter.

Last Weeks of Summer.

The excursion season has about reached its highest tide, although many persons are still leaving the city for river resorts, while the average number are hieing themselves to rural retreats where most of them will tarry until the exit of the heated term. The excursion steamers continue to transport large crowds of people who can only spare a day or an evening from the active business of life, while railroad trains to nearby resorts transport many daily whose time is limited to flying trips from the city. The summer is rapidly passing away and in about three weeks' time the mornings and evenings will begin to savor of early fall.

New Electric Light Works.

As was stated yesterday, the Alexandria Electric Light Company has complied with all the requirements in connection with obtaining the franchise for furnishing the city of Alexandria with electricity for light, power or heat, and as soon as possible the work of constructing a modern plant in this city will be under way. Officials of the company have visited several points in the city for the purpose of selecting a site for the new works, but, so far as is known, one has not yet been fixed upon It is said that the company desires to secure ground near the river front where railroad facilities are offered.

Survey Stopped.

A letter from Bath county says: "The surveying corps of Judge Barley of Alexandria who were attempting to survey the body of land known here as 'The Big Survey, claimed by the heirs of Mr. Thos. Wilson and others, but which has been owned and taxes paid upon by people of this community for the past hundred years, were stopped last week upon the lands of Valentine Hupman and not permitted to proceed until they secure a decree from court. These lands have been a bone of contention for many years. It's the intention of the present owners to contest."

An Obstreperous Calf.

A calf belonging to one of the city butchers caused its owner considerable trouble for a time this morning. It took the united power of four men to take the animal from a wagon and after it had been tied by one leg to a post it continued restless and eventually broke loose and started on a run east on Cameron street. When it reached Fairfax street it turned north, scattering pedestrians in its path. The calf was finally overtaken near the W. & O. depot, placed in a wagon and returned to the market house.

Approaching Completion.

The repaving of Royal street from King to Prince is approaching completion, and within less than a week another square of vitrified brick will have been added to the city. The completion of this square will form a vitrified brick roadway around the block bounded by King, Prince, Fairfax and Royal streets. Fairfax street, between King and Cameron, will be the next square improved by vitrified brick paving.

Hats Found.

Two boxes of hats were found near the paint shop at the Southern Railway depot at Wilkes and Alfred streets last night. They were brought to the station house by Officers Knight and Arrington. The hats are supposed to have been thrown from a freight car by thieves who intended to take them away during the night. The hats were consigned to A. F. Hunter & Co., Culpeper, and had been sent from Baltimore.

Ice in Transitu.

More ice is in sight. The five masted schooner Barrett, with 2,200 tons of Maine ice aboard, passed up the river this morning for Washington. Two more schooners with ice left Maine Wednesday, bound for Washington. They will bring about 2,500 tons.

Horse Thieves.

William Thomas, colored, was arrested in Fairfax county yesterday evening by Constable O'Connor charged with horse stealing and was brought to this city. It appears that a number of horses have been stolen in Fairfax county recently and the citizens of that county have organized an association for self protection against horse thieves. One stolen horse was recently found in Maryland and Thomas acknowledged that he stole the horse. A number of Fairfaxians were in the city today to make inquiries about the horses that had been stolen from them and then went to Washington to endeavor to recover them. Deputy Sheriff Robert Ellison of Fairfax was here and will probably take Thomas back to Fairfax with him this evening. It is said that Thomas has three or four accomplices. James Myers, colored, is also held as an accomplice of Thomas.

Shows Next Monday.

Jones' shows, menagerie and frontier exhibition will be in this city next Monday. This is said to be a model twentieth century amusement enterprise. In the menagerie are to be found lions, tigers, hyenas, leopards, ostriches, kangaroos, elephants, camels, monkeys, zebras and snakes. The circus portion contains a number of interesting features, among them the startling automobile sensation, "Leaping The Loop." The Wild West is headed by Riley Starr, the noted rough rider, who was one of the leading features with the Buffalo Bill show in America and Europe. Twenty genuine Sioux Indians from the Pine Ridge reservation in South Dakota are with the shows. They will present their native war dances, ghost dances and weird ceremonies. An attractive street parade will be given at 11 o'clock in the morning with two performances, one in the afternoon and another at night.

LOCAL BREVITIES.

The mercury at 3 o'clock registered 85°.

The remains of Mr. Clifford Rossor who was recently killed in a railroad accident at Fort Dodge, Ia., were brought here today and will be interred tomorrow.

A young man, whose name could not be learned, fell from an electric train at the intersection of King and Alfred streets last night. He escaped serious injury.

A colored boy who was driving a market delivery wagon had an exciting experience yesterday. When he entered the yard of a residence in the southeastern section of the city to leave a basket a man, with a heavy beard and who was under the influence of liquor, unhitched the horse from the wagon and threatened to kill the boy if he moved. The boy stood motionless for some time and the man finally left the place, when the driver hitched up his horse and drove rapidly away.

Reunion of Veterans.

The reunion of the cavalry and horse artillery of the armies of Northern Virginia and of the Potomac took place yesterday near Brandy Station, Culpeper county, under the auspices of A. P. Hill Camp of Confederate Veterans of Culpeper. Many of the most famous battles of the civil war were fought in the vicinity, and the reunion was held on historic ground.

Rev. Carter Page opened the exercises with prayer. Major J. W. Burrows presented Major D. A. Grimsley as master of ceremonies. Major Grimsley made a brief address of welcome.

All the speakers—ex-Congressman Jas. Marshall, Judge Samuel Williams and General Munford—were veterans who had seen distinguished service in the vicinity.

The famous "Culpeper Minutemen," which company served in the revolution, the war of 1812, the Mexican war, the civil war and the war with Spain, led the military procession. The company was commanded by Capt. Edwin Slaughter.

Thousands of persons, representing several counties, attended the reunion. They thoroughly enjoyed the lavish picnic dinner that was spread on long tables under the trees.

A brass band from Washington attended and furnished the music for the occasion.

Narrow Escape.

Gov. Warfield, of Maryland; Gov. Harris, of Ohio; Gen. J. Warren Keifer, and President Kern, of the Ohio-Marylanders, had a hairbreadth escape from death at a railroad crossing at Springfield, Ohio, yesterday while touring the city in an automobile. The railroad watchman was absent from his post, and the front wheels of the big auto car were within three feet of the tracks when a fast express train of the Big Four road dashed by. Gov. Warfield jumped out on the right hand side, and landed in a barbed wire fence. He was not injured. Gov. Harris scampered out on the other side, and Gen. Keifer and Mr. Kern tumbled out of the machine. They did not stop running until the train had passed.

Governor Folk Threatened.

After hearing from a city officer of threats against members of the grand jury which indicted Hill Gooch and Doss Galbraith, charged with lynching three negroes in Springfield, Ohio, on April 14, Assistant Attorney General Kennish left Springfield yesterday for Jefferson City to confer with Governor Folk on the situation. The threat, as told by Mr. Kennish, follows: "If one of those men who are on trial for "negro killing" is convicted there will be a rope hung to the light tower in the square for every one of the members of the grand jury that indicted them, and there'll be another one for Governor Folk." Twenty-five extra deputies have been sworn in to guard the trial proceedings. The work of getting a jury will begin on Saturday.

A Denial from Bishop Lawrence.

Boston, Aug. 10.—Right Rev. Wm. Lawrence, Episcopal Bishop of Massachusetts, is trying to stop the prayer chain that has spread over the land. The movement was started last May, and rumor has credited Bishop Lawrence with the authorship of the "endless prayer chain." The bishop received many communications regarding the prayer and he found it necessary to issue a denial, which is as follows: "The endless chain of prayer said to have been written by Bishop Lawrence is a hoax. Bishop Lawrence of Massachusetts never wrote it, and knows nothing about it. It is the work of some demented or mischievous person." Copies of the prayer and the letter accompanying it have been received in all parts of the union, in Canada and abroad. Hundreds helped it along because of a threat it contained that if it were not passed along, the recipient would "meet with a dreadful accident."

Virginia's Apportionment Paid.

The monthly statement of the domestic and foreign missionary society of the Episcopal Church has just been issued. It shows that to August 1, three diocese and twelve missionary jurisdictions have paid their apportionment for the year. Of the three dioceses, Virginia is one; the other two being Montana and North Carolina.

The amount apportioned to Virginia from September 1, 905, to same day in 1906 was $7,100. On July 1, 1906, the diocese had contributed $7,656 40. To the same date last year, the sum raised was $5,761.42, making an increase, so far for this year, of $1,894 98.

Contributions from Sunday schools and Woman's Auxiliary are not entered, because they do not apply upon the apportionment.—[Southern Churchman.

Wholesale Price of Oil Reduced.

Boston, Aug. 10.—The Standard Oil Company has cut the wholesale price of oil to 7½ cents per gallon, a reduction of one-half a cent, in every New England city and town in which the Four Brothers Independent Oil Company is a competitor. This is the lowest price of oil in New England in recent years. Outside of the competitive district the Standard Oil's price is from 10½ to 12 cents per gallon.

Says Whisky Kills Typhoid Germ.

Chicago, Aug. 10.—Whisky is a preventive of typhoid fever, according to Health Commissioner Whelan. Typhoid, says the doctor, is spread only by germs passing from one person to another, and whisky will kill the germ. If there are any germs in the water that a man drinks, whisky would kill them.

Mrs. Hartje to Leave City.

Mrs. Augustus Harte and her two children, her father and mother, Mr. and Mrs. John Scott, and their two unmarried daughters Helen and Ida, will leave Pittsburg forever, so soon as the decision is rendered in the Hartje divorce suit. They have not decided where they will reside, but their choice has settled down to New York or Philadelphia. They do not intend to seek seclusion, as they are keeping dressmakers busy that they may appear in society in apparel suitable to their wealth. The change is made chiefly for the benefit of Mrs. Hartje's little ones, Mary Louise and Scott, who have been the victims of the persecution of young and thoughtless school and playmates.

New Island in Boiling Water.

Captain Truebridge, of the steamship Northwestern, yesterday at Tacoma, Wash., displayed a photograph that he brought from the North, taken by an officer of the revenue cutter Perry, of the newly-formed island 50 miles west of Dutch Harbor, directly between the Bogoslof Islands, commonly known as Castle and Fire Islands. The new island made its first appearance during June, and is now 900 feet high. Clouds of steam rise from its summit, and it is surrounded by boiling water.

TELEGRAPHIC BREVITIES.

Police Inspector McLaughlin and his men today took possession of the alleged bucket shop of John A. Boardman in New York and took away a truck load of books, papers, etc.

Frank Daniels, the comic opera star, was sitting in the front row at Wallacks' Theatre New York, last night when Nella Webb, the actress, sang the song: "Wouldn't You Like to Kiss Me, Kiss Me?" Weddings in Wales.

Many and curious were the old customs in Wales relating to marriage. The following is an account of the bidding ceremony, an old custom which is said to be celebrated even to this day in rural parts of Wales: The bidder goes from house to house with a long pole and ribbons flying at the end of it, and standing in the middle floor in each house he repeats a long lesson with great formality. He mentions the day of the wedding, the place, the preparations made, etc. The following is a specimen: "The intention of the bidder is this: With kindness and amity, with decency and liberality for —— and ——, he invites you to come with your good will on the plate. Bring current money—a shilling or two or three or four or five—with cheese and butter. We invite the husband and wife, children and menservants, from the greatest to the least. Come there early. You shall have victuals freely and drink cheap, stools to sit on and fish if we can catch them, but if not hold us excusable, and they will attend on you when you call upon them in return. They set out from such a place and such a place."

A Bride's Dilemma.

A successful schoolteacher married a wealthy widower. The man had lived alone with his servants since the death of his first wife. On the morning after the bride's arrival in her new home the cook appeared for orders. Now, the little woman was far more familiar with the classics than with roasts and stews, and she was not a little dismayed when Mary innocently put the question:

"An' how will ye have the beef cooked, mum?"

For the merest instant she hesitated. Not for a fortune would she have the old servant suspect her absolute ignorance of cookery. But her years in the schoolroom had not been in vain. Calmly and sweetly she answered:

"You may cook it your way today, Mary, and then another time you can try my way."

And the cook went downstairs with a high opinion of her new mistress.—New York Press.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. Trial bottle free.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

FINANCIAL

Would it not be wise for you to carry an account with this corporation? We cordially invite you to do business with us and offer you good service and 3 PER CENT. INTEREST in our Savings Department. Think this over today—Look at the men about you who had the strength of character to save. Remember the MILLIONAIRES of today wouldn't have their millions if the other people of the nation equalled them in concentration of purpose; if they took an interest in their own financial welfare. Let a few millions of men develop the same concentrated determination and YOU WILL HAVE MILLIONS OF PROSPEROUS MEN AND NO MILLIONAIRES. We solicit your account, small or large, and offer you every facility that wise, conservative bankers approve, together with absolute safety. Open a Savings Account with us at once—do so today—ONE DOLLAR will start you.
